

Supporting Our Community – Your Perception and Views – West Sussex County Council Cybercrime/Online Safety Survey

The Community Safety & Wellbeing Team at the County Council has launched two surveys in order to gather feedback about people's perceptions and experiences of cybercrime/online safety across West Sussex over the last 12 months. Your response to this survey will help influence how we at the County Council shape our cybercrime/ online safety support work in order to help our residents in the future.

You will have 5 weeks in order to complete the survey. The survey will close at **midnight on Monday 19th November, 2018.**

If you are a West Sussex resident, aged 18 or above, then please follow the link below to complete our Personal Use Cybercrime/Online Safety Survey. We need your help to be able to better support our work with the community.

Personal Use Cybercrime/Online Safety Survey Link –

We look forward to your responses.

Kind regards,

The Community Safety & Wellbeing Team, West Sussex County Council
