Call to action to #HelpMyNHS [Click Here](#) (1)

A campaign to ensure people are getting the right care at the right time, and are not putting NHS services under unnecessary strain, is being launched during #HelpMyNHS week from 27 November to 1 December. The NHS is doing everything it can with the resources it has to prepare for the extra pressures we expect to face this winter. Now, #HelpMyNHS is calling on the public to play their part by adopting small behavioural changes to ease pressures on local health and care services, saving them for those in the most need. It asks people to #HelpMyA&E by:

- highlighting the alternative services to A&E and when these should be used.
- using GP appointments properly, take steps to help prevent getting ill and self-manage minor illnesses, as well as using alternative services, such as pharmacists.

FLU: People with a Learning Disability may be at greater risk of developing more serious illnesses. For more information [Click here](#) (2)

Are your children protected against flu? For more information. [Click here](#) (2)

GPhotA&E in East Grinstead

Did you know all children aged 0-5 years and who are registered with an East Grinstead GP can access same day appointments? See our web page for more information [East Grinstead GPhotA&E](#)

West Sussex County Council

SEND Newsletter (1) [Click Here](#)

West Sussex County Council -

Our Shared Future Health & Wellbeing Events (2) Following received feedback from the 'Our Shared Future' events held in the Spring, the County Council has decided that it needs to review its strategic relationship with the Voluntary and Community Sector and its approach to commissioning. A key part of this wider work is the need to review how the County Council and its partners in the Districts and Boroughs support infrastructure within the sector. As such, we are already working as a local government family and would also like to talk to a number of representatives from the voluntary and community sector to inform a new approach to infrastructure commissioning. If you are interested in taking part and would like more information about this, contact voluntas@westsussex.gov.uk

NICE (The National Institute for Care and Excellence)

CRAWLEY COMMUNITY

Crawley CVS : Expert Patients Programme. (1) A free NHS-based training programme providing opportunities for people who live with a long-term condition(s) to develop new life-skills, ultimately allowing them to self-manage their condition more effectively on a day-to-day basis. The EPP is not about educating patients about their condition instead it works to develop patients' confidence and motivation to use their own skills, information and professional services to take effective control over life with a chronic condition. The details of the next FREE courses are as follows: <i>Horsham: Every Monday from 15th January – 19th February 2018, 10am – 12.30pm, Horsham Hospital Crawley: Every Thursday from 22nd March – 26th April 2018, 7pm – 9.30pm, Crawley Baptist Church.</i> For more information see attached Action For Deafness News & Views Autumn/Winter Newsletter: AFD Carers Support Autumn/Winter Newsletter visit CSWS	 expert-patients-programme-leaflet.pdf
