

Really useful advice from Take Five To Stop Fraud Week

## TAKE FIVE TO STOP FRAUD WEEK

22-26 JANUARY 2018

Neighbourhood Watch is proud to be supporting **Take Five To Stop Fraud Week**.

**Take Five To Stop Fraud Week** is part of the national campaign from Financial Fraud Action UK and the Government, backed by the banking industry coming together to tackle fraud.

The advice being issued this week is **really simple** but it can stop you becoming a victim of fraud.

1. A **genuine** bank or organisation will **never** contact you out of the blue to ask for your PIN, full password or to move money to another account. Only give out your personal or financial details to use a service that you have given your consent to, that you trust and that you are expecting to be contacted by.
2. Don't be tricked into giving a fraudster access to your personal or financial details. Never automatically click on a link in an unexpected email or text.
3. Always question uninvited approaches in case it's a scam. Instead, contact the company directly using a known email or phone number.

Please share the attached leaflet with friends and family and together we can help stop fraud.
