Recycling and waste news

for the Horsham District

Make your picnic plastic-free

Summer's in full swing, and it is definitely picnic season! It's great to see so many of you enjoying our open spaces in the sunshine.

Have you ever thought about making your picnic plastic-free? Consider using reusable or plastic-free items that do the same job without the waste. Metal containers, bamboo cutlery and reusable textile or beeswax food wraps all offer ways to cut down on single-use plastics.

And if the bins are full, please take your rubbish home with you. We're supporting [Keep it, Bin It](#) - a national campaign to encourage people to think about the environment before they leave litter behind.

Look out for our new cigarette recycling bins in Horsham

We're pleased to announce that we are now collecting cigarette waste as part of the TerraCycle cigarette recycling programme. The programme's aim is to transform cigarette waste in the UK into something which can be recycled and make it easier for people to recycle when they are outdoors.

Three holiday hacks to reduce your waste

Making your holiday packing list? Here are three swaps that could help the environment and even save you money:

- Swap travel-size toiletries for shampoo and soap bars
- Swap cotton-wool pads for reusable cotton pads
- Bamboo toothbrushes are a great plastic-free alternative

Waste costs, recycling earns

22,000 tonnes of recyclable items end up in the general waste each year in West Sussex. [Waste Prevention West Sussex](#) has calculated that if we all recycled right, we could save £2.5million for public services.
